Amateur and Junior Friendly

Barbie Doll is a registered Westphalian out of an Andalusian mare, owned by a Jr Rider under professional training. She has dressage showing experience at Training and First Level. Scores for both levels are mid-60s to low 70s. She is currently training at First and Second Levels. She needs a quiet and confident rider as she is quiet, very smart, and nicely forward. To describe Barbie: she has FEI potential, is forward thinking, supple, smart, a good mover, enjoys dressage and is very trainable. She is easy to sit, naturally round and soft, and light in the contacts. She is not marsh, is polite and easy to handle. There are no vices or behavior problems. Barbie is a super sweet horse and well suited for a smaller rider. She has slight moon blindness in her left eye, but can still see very well. Outside of dressage, at her former home barn, Barbie has shown potential with low to medium jumps. She loves trail rides, outdoor work, grooming and hand grazing. It should be noted she loves rolling in the mud and will gladly do so after a bath! She is current on vaccines, and keeps a deworming and shoeing schedule. Her back is sensitive; a flex-tree is needed to avoid pain and soreness. Our Jr Rider has sadly outgrown Barbie and has advanced in riding levels. With her high school schedule, there's not enough time to bring Barbie along with that advancement, let alone enough time to be at the barn to ride. We want Barbie to remain active, so we're looking for a home where this can be accomplished.

Barbie is 9 years old, 15.3 hands.
